SUMMARY

I am a hard-working and self-motivated web developer certified through Michigan State University. Throughout my coding bootcamp journey, I gained experience in front-end, back-end, and full-stack web development. I acquired skills in HTML, CSS, JavaScript, React, Node.js, MySQL, Express.js, MongoDB and more. I am eager to expand my knowledge and grow as a developer through creating and maintaining exceptional interactive web applications.

EDUCATION

Michigan State University
Coding Bootcamp Certificate
East Lansing, MI

September 2022

South Carolina Connections Academy
High School Diploma
Columbia, SC

June 2018

PROJECTS

Social-Network API | <https://github.com/seanxmcdaniel/social-network-api> |

- **Summary:** The Social Media API project is a social media database that uses MongoDB to handle large amounts of unstructured data
- **Role:** Sole developer
- **Technology:** JavaScript, MongoDB, Express.js, Node.js

E-Commerce Back-End | <https://github.com/seanxmcdaniel/E-Commerce> |

- **Summary:** A fully operational back-end for an online store, using object-relational mapping. Create, read, update, and delete data from an e-commerce database
- **Role:** Sole developer
- **Technology:** JavaScript, MySQL, Node.js

Game Time MLB | <https://github.com/seanxmcdaniel/game-time-mlb> | <https://seanxmcdaniel.github.io/game-time-mlb/> |

- **Summary:** A front-end application that uses two third-party APIs and local storage to save a user's favorite team and show them the team's stats and home/away schedules
- **Role:** JavaScript and jQuery developer
- **Technology:** JavaScript, jQuery, HTML, CSS, Bulma

Coding Quiz | <https://github.com/seanxmcdaniel/coding-quiz> | <https://seanxmcdaniel.github.io/coding-quiz/> |

- **Summary:** A front-end timed coding quiz that uses JavaScript event listeners to display the various coding questions
- **Role:** Sole developer
- **Technology:** JavaScript, HTML, CSS
